T721i

WIFI HEAT PUMP/
CONVENTIONAL THERMOSTAT

PRO

WIFI Made Easy & Affordable

The T701i has defined what a WIFI thermostat can be. Simple, affordable, and exclusively for the professional trade. The T721i provides these same attributes to the heat pump market. This model is simple to install, simple to operate, and simple to sell. "Programming is optional, WIFI is optional, but comfort is guaranteed."

Programming** = Programming can only be modified through the WIFI app.
Stages* = Single Stage For Conventional Heat

Scheduling Made Simple

Using a schedule saves time and money while keeping your home comfortable. However, in today's world many people do not fit into the conventional 5/1/1 routine. With the NEW PRO1 Connect app customizing your schedule is easier than ever before.
